

# Poseidon XL / Poseidon XL Pro

# COMBINATION POOL

Poseidon XL Pro

With a superior depth of 1.5m the Poseidon XL and LX Pro feature four powerful Turbo counter current jets for the ultimate swimming workout.

For relaxation the spa end features a full length lounge plus three other jetted seats, all with an array of powerful hydrotherapy jets. The pool end has steps for access which also double up as cool down seats.

The pool end and spa end have separate water temperature controls that can be adjusted to suit both exercise and relaxation.

The high specification Poseidon XL features the latest pump and heating technology for efficiency, reliability and economy.

**The Poseidon XL Pro has the same fully-featured, luxury hot tub and exercise pool all combined in two volumes of water but with the addition of a variable speed drive. This 10 speed control allows the swimmer to select the best water speed for their fitness and stroke.**
